Effective Date: [25 April, 2026]

Jurisdiction: Kingdom of Saudi Arabia

5,000+ Screens Covered	40+ Cities in Scope	8 Venue Categories	24 hr Review SLA
---------------------------	------------------------	-----------------------	---------------------

1. Overview & Scope

1.1 Who These Guidelines Apply To

These rules apply to all advertisers, agencies, and resellers broadcasting on any SIS screen — regardless of plan tier, campaign type, or venue category. By activating a campaign, you agree to be bound by these guidelines in full.

1.2 Platform Context

Sharp Innovations Screen operates the Kingdom's largest subscription-based digital out-of-home (DOOH) advertising platform. Our screens appear in high-footfall public venues — including airports, metro stations, shopping malls, corporate offices, hospitals, and educational institutions — reaching diverse audiences of all ages and backgrounds.

1.3 Guiding Principles

These guidelines ensure that every advertisement on our network is safe, truthful, and appropriate for its venue context. They are aligned with:

- The General Commission for Audiovisual Media (GCAM) Code
- The Ministry of Media guidelines
- Applicable Consumer Protection regulations in the Kingdom

2. Technical Requirements

All creative assets must meet these technical standards before review. Non-compliant files will be rejected automatically.

2.1 Accepted Resolutions & Orientations

Orientation	Ratio	Resolution	Use Case
Landscape (Standard)	16:9	1920 × 1080 px	Malls, airports, offices
Portrait (Vertical)	9:16	1080 × 1920 px	Metro stations & retail pillars
Ultra-Wide (Banner)	4:1	3840 × 960 px	Corridor & concourse screens (Enterprise plan only)

Minimum: 1280×720 (HD). Recommended: 1920×1080 (FHD) or 3840×2160 (4K).

2.2 File Specifications

Format	Accepted Types	Max Size	Max Duration	Audio
Static Image	JPG, PNG, WebP	10 MB	N/A	No
Video	MP4, MOV, WebM	500 MB	60 seconds	Optional
HTML5 Creative	ZIP bundle	50 MB	60 seconds	Optional
GIF / Animated	GIF, APNG	25 MB	30 seconds	No

2.3 Critical Technical Rules

- Audio at public venues: Audio is disabled by default. Ensure visuals are fully comprehensible without sound.

- Colour Space: All assets must use sRGB. CMYK files will be rejected.
- Text Legibility: Body text minimum 36pt. Headlines 72pt+. Ensure 4.5:1 contrast ratio.
- Video Encoding: H.264 codec, AAC audio, 30fps minimum.
- Safe Zone: Keep critical content (logo, CTA) within the inner 80% of the canvas.

3. Editorial Standards

All ads must be honest, non-deceptive, and respectful of public audiences (GCAM four-point test: honest, decent, safe, and fair).

Standard	Requirement
Truthful claims	All product/service claims must be factual, substantiated, and verifiable.
Pricing accuracy	Must be current, accurate, and inclusive of taxes unless stated otherwise.
Advertiser ID	Brand must be clearly identifiable. No disguised advertising.
Disclaimers	Asterisk references must be explained on-screen for at least 3 seconds.
Health claims	Must be approved by the Saudi Food and Drug Authority (SFDA).
Financial products	Must include CMA-mandated risk disclaimers in legible text.
Translations	Regional languages must be accurate. Incorrect translations result in removal.

4. Hard Restrictions (Prohibited Content)

Zero-tolerance categories. Violations lead to immediate rejection or suspension. No appeals are accepted for these categories.

Category	Prohibition
Alcohol & Tobacco	Direct or surrogate advertising of alcoholic beverages, tobacco, or paraphernalia.
Political & Religious	Political candidates/parties or content disparaging any religion/community.
Adult Content	Sexually explicit or suggestive imagery not suitable for public audiences.
Gambling & Betting	Online betting platforms, real-money games of chance, or lottery schemes.
Prescription Drugs	Direct advertising without SFDA approval.
Weapons & Harm	Weapons, explosives, or content promoting violence/self-harm.
Counterfeit & Fraud	Counterfeit goods, Ponzi schemes, or fraudulent investment products.
Exploitative Child Content	Content exploiting, endangering, or inappropriately depicting minors.

5. Approval Process (Two-Stage Review)

Every creative goes through the following workflow before broadcast:

Stage	Timeline	Description
1. Technical Validation	< 60 seconds	Automated checks for format, resolution, and specs.
2. Human Content Review	Up to 24 hours (typically < 5 hours)	Manual review for guidelines, truthfulness, and venue appropriateness.
3. Revision (if rejected)	Varies	Detailed reason provided. Resubmit as many times as needed.
4. Approved	Instant	Available in dashboard for scheduling.

Express Review: Enterprise plan advertisers have access to a dedicated reviewer with a 2-hour turnaround.

6. Brand Safety & Platform Integrity

Standard	Description
Competitive Separation	Direct competitors not scheduled in the same loop. Selective blocking available for Growth/Enterprise plans.
Loop Audit Reports	Enterprise advertisers receive monthly adjacency data for every broadcast slot.
Venue Category Blocking	Opt out of specific venue types (e.g., exclude hospitals) via targeting dashboard.
Crisis Pause Protocol	Instant system-wide pause during national emergencies; full credit restoration for affected time.

7. Context-Sensitive Venue Rules

Additional restrictions that stack on top of standard guidelines:

Venue Type	Additional Restrictions	Special Notes
Hospitals	No junk food, alcohol, or carbonated drinks. No content depicting illness.	Pre-approval required
Schools	No junk food (SFDA Cat E). No dating apps or financial products.	U/A rating required
Airports	GACA restrictions apply. No security-sensitive content.	Language parity required
Metro Stations	No audio. No flashing content above 3Hz (epilepsy risk).	SAR/Riyadh Metro guidelines apply
Shopping Malls	Minimum dwell-time logic applies. Some category exclusions may exist.	Property override rights

8. Enforcement & Violations

We take a graduated approach to enforcement:

Level	Action	Conditions
Level 1 – Warning	Ad paused for 48 hours to allow correction.	Minor first-time violations.
Level 2 – Suspension	Requires manual sign-off to resume.	Moderate violations or repeat Level 1 offences.
Level 3 – Restriction	Account-wide pause.	Serious violations or 3+ Level 2 offences in 12 months.
Level 4 – Permanent Ban	No refunds.	Zero-tolerance violations, fraud, or illegal content.

9. Dispute Resolution & Appeals

If you believe a decision was incorrect, you have the right to appeal.

Step	Timeline	Action
1. Written Appeal	Within 5 days of decision	Email info@sharpinnovations.in with campaign ID and explanation.
2. Senior Review	Within 3 days	Independent compliance officer assesses appeal.
3. Final Outcome	Within 7 days total	If appeal is upheld, lost time is credited in full.
